# LOMMA XL

An aluminium table that has it all. The elegant rib pattern creates a sense of solidity. And Lomma makes an even bigger statement lengthwise – now we add another superlength, that can be a staggering 380cm long. Design and function in perfect tandem.

Lomma dining table brings together the best of the best. Scandinavian design, first-class functionality and generous size. The butterfly function (at a full 120 centimeters) where the table top is quickly turned forward makes it even easier to switch between everyday life and bigger parties.
