VALLDA DAYBED

News in the Vallda collection is a daybed with generous measures and a comfortable mattress that completes the look and invites you to relax outdoors morning, noon and evening.

Real rattan is a material that has been used for outdoor furniture at all times - not only for its durable and lightweight properties but also for its classic expression that stands up well over time.

HIGHLIGHTS

- The daybed comes with two round neck / side pillows in the same white fresh fabric as the comfortable mattress
- The unique thing about the Vallda series is that the shell of the braided rattan has been retained. This means that the furniture gets lovely, natural colors and irregularities that create an enormous charm.
